

## **Restaurants Sourcing Local, Organic, & Free-Range Ingredients**

So maybe you know your farmer...but what do you do when you are not in the mood to cook? There is no need to sit down at a national chain when you have some fantastic local restaurants in our area serving amazing locally sourced, organic and free-range food.

These restaurants use many ingredients from our member farmers on a regular basis. The quantity of local ingredients varies from restaurant to restaurant and fluctuates on a seasonal basis. Buying from local farms is more work for the Chef, so let them know that you appreciate their extra effort!
